

## Aging Gracefully

What are some of the challenges we, as pilots, face as we age? How do we define, as we age, the point at which our airmanship is not what it used to be? Most importantly, what can we do about it? Our guest speaker, Carl Beatrice, is an age 60+ retired airline pilot and FAA Safety Team Representative with over 25,000 hours in transport and GA aircraft. Come hear from this pro how he has adjusted to the aging dilemma in his flying, and how you can adjust in your flying. Join us for an informative evening for pilots of all experience levels and ages. Click on the link below and register TODAY.

**Directions:** Take I-95 to Exit 19. Go north on Rte 109 for 7.5 miles. Southern Maine Aviation will be on your left behind the Lucas Country Store (1.5 miles from the intersection of Rtes 4 & 109).
